Submitted to His Highness.

15) In order to safeguard the interests in a tank of persons who do not own wet lands but only depend on it for supply of water for drinking purposes it is provided in section 6 of the Tank Panchayat Regulation, 1911, that not less than one-fourth of the elected members of a Panchayat should be elected from among such raiyats. It is reported that in some cases this minimum number of such raiyats cannot be found from among the qualified voters and that much inconvenience is accordingly felt in bringing the rules into force. The proportion is also too high if regard be had to the interests of the holders of wet and garden lands.

16/3+5) To remedy this defect, it is proposed to fix one-fourth as a maximum instead of as the minimum. The accompanying Bill drafted to achieve this purpose has been approved in Council.

17 3+6) I solicit His Highness' sanction to place the Bill before the Legislative Council.

Report of the Select Committee

on the Bill further to amend the Tank Panchayat Regn. 1911

We, the members of the Select-committee on the Bill further to amend the Tank Panchayat Regn., 1911, have the honour to report that the Bill was carefully considered by us and requires no alteration.

The clause was inserted in the Regulation to safeguard the interests of persons who do not own wet lands but only depend on it for water-supply for drinking purposes for themselves and their cattle. But in practice it is found difficult to secure the required minimum of such persons in many cases and therefore instead of prescribing a minimum, it is proposed in the Bill to prescribe only the maximum number which may be accepted.

We, therefore, recommend that the Bill be passed

To

K. Doraswami Iyer Esquire,
Revenue Commissioner in Mysore.

The Secretary to the Government of
His Highness the Maharaja of Mysore,
REVENUE *Department.*

SIR,

I have the honor to forward herewith for the orders of Government a copy of letter No.573/R.C. dated the 9th March 1916 from the Deputy Commissioner Tumkur District stating that the observance of the rule that not less than a fourth of the members elected to a Tank Panchayat should be from the ryots holding dry lands or paying mohatarfa but not holding wet or garden lands is often attended with difficulty and proposing to modify section 6 of the Tank Panchayat Regulation by the substitution of the words "not exceeding one fourth" for the words "not less than one fourth and more than one half". The Deputy Commissioners of other Districts who were consulted, are unanimously of opinion that the proposed amendment is a highly desirable one and I recommend that steps may be taken to give effect to the same.

I have the honor to be,
Sir,
Your most obedient servant,

Revenue Commissioner.

CKS.

Letter No.573/R.C. dated 9th March 1916 from the Deputy Commissioner Tumkur District, to the Revenue Commissioner in Mysore.

I have the honor to state that under section 6 of the Tank Panchayat Regulation of 1911, the number of elected members of Tank Panchayat has to be fixed by the Deputy Commissioner and out of the number so fixed not less than one fourth has to be elected by the ryots holding dry lands or paying mohatarfa but not holding wet or garden lands from among themselves. The observance of this rule is found, however to be often attended with difficulty and hardship. For instance, in the Kallembella tank in the Sira Taluk one of the largest tanks in the District with a revenue of about Rs10,000/- the total number of persons eligible for election to the Panchayat is 152 of whom 148 are borne on the D' list and only 4 on the C' list (of persons eligible for election from among purely dry land holders or Mohatarfa payers). Taking the total number of elected members at 9 (the minimum number required to safe-guard the interests of the large number of land holders under the tank) if the provisions of section 6 of the Regulation are to be observed, at least 3 out of the 4 members borne on list C' will have to be elected; while there will be only 6 members to represent the 148 persons qualified and eligible for election according to list D'. This, while giving an undue preponderance to the dry land holders quite disproportionate to their importance, is calculated to work as a hardship on the wet and garden land holders under the tank.

2. To take another instance, in respect of the Yelladabagi tank about which I have recently submitted to you a report with my letter No.532 dated 19th February 1916 though the number of persons borne on list D' amounts to 27 the number of purely dry land holders and Mohatarfa payers borne on list C' is only 3 and all these three persons having refused to serve on the Panchayat the Panchayat has either not to be formed at all or has to be constituted with persons elected from list A' alone.

3. With a view to remove the difficulties and hardships pointed out above, I think that section 6 requires some modification and I would therefore suggest that instead of the words 'not less than one fourth or more than one-half' in the section, the words 'not exceeding one fourth' may be substituted, thus fixing only the maximum number of persons to be elected from list C and leaving the actual number to be fixed within this maximum in each case to be determined by the Deputy Commissioner according to the circumstances of the cases.

'C o p y'

For Revenue Commissioner.

21-3-17

NOTIFICATION.

No. 414—L. C., dated 21st March 1917.

Under Rule 31 of the Rules for the conduct of business of the Mysore Legislative Council, the following Bill further to amend the Tank Panchayet Regulation, 1911, is published for general information together with a statement of objects and reasons.

By Order,
G. SREENIVASA IYER,
Secretary, Mysore Legislative Council.

Bill further to amend the Tank Panchayet Regulation, 1911.

Whereas it is expedient further to amend the Tank Panchayet Regulation, 1911; His Highness the Maharaja is pleased to enact as follows:—

Amendment of Section 6 of the Regulation.

In Section 6 of the Regulation, for the words "not less than one-fourth or more than one-half" the words "not exceeding one-fourth" shall be substituted.

Statement of objects and reasons.

Under Section 6 of the Regulation, the number of elected members of a Tank Panchayet has to be fixed by the Deputy Commissioner and out of the number so fixed not less than one-fourth has to be elected by the raiyats holding dry lands or paying mohatarfa but not holding wet or garden lands from among themselves. The observance of this rule is found, however, to be often attended with difficulty and hardship as in some cases even one-fourth of the required number cannot be found among those who satisfy the above condition and who are also qualified under Section 4. It is therefore proposed to amend Section 8 so as to fix one-fourth as the maximum proportion for this class of members so that in cases where even one-fourth is not available the number available alone may be taken from this class and the rest of the members elected from the others.

From the First Asst. to Resident

To Sir M. Visvesvaraya, 8 FEB 1917

GEN. & REV. SECRETARIAT III JUDICIAL FEB 1917

I am desired to acknowledge the receipt of your demi-official letter No. 4630, dated the 20th January 1917, forwarding a copy of a Bill further to amend the Mysore Tank Panchayet Regulation, 1911, and in reply, to say that the Resident sees no -- prima facie objection to the Bill being laid before the Legislative Council.

No. 136—L. C., dated 21st November 1918.

NOTIFICATION.

Under Rule 40 of the Rules for the conduct of business of the Mysore Legislative Council, the following Report of the Select Committee on the Bill further to amend the Tank Panchayet Regulation, 1911, is published for general information, with the Bill as amended by them.

By Order,
G. SRINIVASA IYER,
Secretary, Mysore Legislative Council.

Report of the Select Committee on the Bill further to amend the Tank Panchayet Regulation, 1911.

We, the members of the Select Committee on the Bill further to amend the Tank Panchayet Regulation, 1911, have the honor to report that the Bill was carefully considered by us and requires no alteration.

The clause was inserted in the Regulation to safeguard the interests of persons, who do not own wet lands, but only depend on it for water-supply for drinking purposes for themselves and their cattle. But in practice it is found difficult to secure the required minimum of such persons in many cases and therefore instead of prescribing a minimum, it is proposed in the Bill to prescribe only the maximum number which may be accepted.

We therefore recommend that the Bill be passed.
